

## Features of a Proposed Project

<b>Project Name:</b>	<b>Leather Products</b>	
<b>Purpose of the Project:</b>	<p>Producing diverse natural or synthetic leather Products i.e. different belts and wallets, women's bags, cloth , work bags and men's bags (crossovers).</p> <p>The project aims to manufacture leather products that are in line with the highest international design systems in terms of quality, shape and use, in addition to following the international fashion lines, thus contributing effectively to increasing the marketing capacity of the project in Egypt and abroad.</p>	
<b>Field/Sector:</b>	<b>Leather Products</b>	
<b>Targeted Markets:</b>	<b>Local Market / Foreign Markets (Exporting)</b>	
<b>Production Capacity as an Example:</b>	<b>350,000 units /year</b>	
<b>Required Land Area:</b>	<b>1400 m<sup>2</sup></b>	
<b>Area of Buildings:</b>	<b>840 m<sup>2</sup></b>	
<b>Main Raw Materials and Supplies:</b>	<b>Natural Leather Products</b>	
	<b>Synthetic Leather Products</b>	
	<b>Woven Plastic Fabric</b>	
	<b>Lining fabric</b>	
	<b>Production accessories &amp; supplies</b>	
<b>Main Project Machinery and Equipment:</b>	<b>Burst Cutting Machine</b>	
	<b>One needle sewing machine</b>	
	<b>2 needle sewing machine</b>	
	<b>Cone machine</b>	
	<b>Printing machine</b>	
<b>Annual Consumptions of the Project:</b>	• Consumption of Electricity	<b>31 M.W.H</b>
	• Consumption of Water	<b>900m<sup>3</sup></b>
<b>Labour Required:</b>	<b>45</b>	
<b>Project Products:</b>	<b>diverse natural or synthetic leather Products i.e. different belts and wallets, women's bags, cloth , work bags and men's bags (crossovers).</b>	

**N.B.:** This study is a rough estimate of the Example; a detailed feasibility study should be conducted.
